Our Ranch is Located in: Tampa

The forecast at our Ranch today is: sunny

WHO WE ARE

HorsePower for Kids is an outdoor animal sanctuary and family fun farm located in Northwest Tampa near Oldsmar and Westchase.

We offer...

Petting zoo

Pony rides

Playground and picnic area

Child-size zip line, bench swings

Train that rides around the grounds to see all the animals!

Business Hours

Thursday/Friday:
10am - 2pm

Saturday/Sunday:
11am - 5pm (October Hours)

**"No appointment needed to visit during
our business hours"**

Our Mission

We provide fun, educational opportunities for children and adults to interact with and care for animals that have been rescued from a variety of situations. In our experience, working with animals enriches our lives. Through animals, children transform into young adults, learning responsibility and respect. These interactions build character, foster relationships, and allow us to become more open as individuals.

MOCKUPS - ABOUT US

ABOUT US

Our Founder

Armando Gort, founder of HorsePower for Kids, was born in Havana, Cuba. He came to the United States in 1970. As a small child in Cuba, Armando dreamed of coming to the United States and owning his own horse farm, where children could experience their love of animals in a real farm setting. Armando's dream came true in 1994. Since then, Armando has welcomed children to his farm from all over Hillsborough and Pinellas County, as well as children from all over the world. Armando started riding at the age of five. Since then he has achieved expertise in Dressage, Western, Hunter, and Jumpers. Armando's philosophy is: "Dreams do come true. Along with hard work and perseverance, anything can be accomplished." This is what children learn when they visit the farm.

"I believe I was born with a fascination for animals.

As a toddler, I would not go to sleep without my pet goat.

As a child, while other kids were at the playground, I would be with my mom

building cages and feeding all my animals. At the age of 5, I got my first pony and my love of horses began.

There's never been a time in my life when I did not have

horses or other animals. As I've

gotten older and I look back, I realize that it's the time

with my animals and my family that I cherish the most.

Long forgotten are my trips to attractions and far away

places. The time I spent with animals are my most

cherished moments. I invite you to come to the farm

and make your own memories to last a lifetime. Many

children in the Tampa Bay area never get the chance to

experience horses

because of financial difficulties.

"My goal is to change that for as many children as possible."

Thank you so much for your support!

Armando Gort

Our Mission

HorsePower for Kids is a non-profit organization that provides a safe and petting zoo so that everyone can have the opportunity to benefit from interaction with animals and horses. We provide fun, educational opportunities for children and adults to interact with and care for animals that have been rescued from a variety of situations. In our experience, working with animals enriches our lives.

Through animals, children transform into young adults, learning responsibility and respect. These interactions build character, foster relationships, and allow us to become more open as individuals.

At our farm, we strive to provide these experiences to the public and share our love for animals with everyone. We enjoy sharing our animals with anyone who will benefit including children who can not afford to visit us due to finances can attend free of charge on scholarship; we also rescue unwanted and injured animals. We are self supporting, therefore being open to the public is how we are able to house and care for hundreds of beautiful creatures. Thank you so much for your support!

Wildlife Rescue/Rehab

Horse Power for Kids is licensed for Wildlife Rescue. We hold licenses in FWC, USDA, and Class-III.

Our organization is devoted to the rescue and rehabilitation of sick, injured, and/or orphaned Florida wildlife species. Animals are provided with diagnoses and services. We provide a loving environment

for permanently impaired wildlife or offer gentle relocation when recovered. Some animals we treat

include raccoons, rabbits, turtles, birds, ducks, deer, squirrels and more. Please contact us first for

openings prior to dropping the animal off.

You can reach us at 813-855-8992 for more information or send an email to 4dreams@horsepowerforkids.com.

INTERATIVE ELEMENTS

- Sidebar: For the nav I made an accordion sidebar and used JavaScript to make sidebar active when the toggle was clicked on. This allows the nav to be more streamlined and not take up a lot of room.
- Accordion: I did an accordion with Our Mission on the homepage, so that it isn't taking up so much space on the homepage.
- In addioton, inside the accordion I added an eventlistner that when clicked with show an alert that you are going to an external page that will have benefits of children being around farm animals.
- Alert: Finally, I added an alert on the contact page, once someone submits the form that reads we will be in contact with you shortly. This will let them know it was submitted.

API - WEATHER

- I decided to do weather by ranch location, since horseback riding and their other events depend on the weather for the day. Most of their facility is outside, so if it is raining it could shut down activities. This API will give people not only an understanding of the weather for that day, but a chance to know how to dress for their activities as well.
